

- ✓ Imagine earning a monthly income of potentially 8-20% per month while having guaranteed stop-loss protection!
- ✓ Imagine earning potentially around \$800 - \$2000 per month income from a capital base of \$10,000, and doing that in as little as 30 minutes a month! Not per day, PER MONTH!
- ✓ Imagine setting up a second income stream straight away!

So what's this amazing new trading strategy?

Quite simply, it's **“Writing Covered Calls with CFDs”**

You may be familiar with a strategy known as Writing Covered Calls. It's sometimes referred to as *renting shares*. It's a strategy that can generate consistent monthly income. You may also have heard about CFDs, which provides leverage and liquidity to trading, allowing investors to control 10-20 times more shares than they normally would just by buying stocks alone.

- ✓ Imagine combining these two strategies together, and then topping it off with guaranteed stop-loss protection.

That would be called **TradeAbility Income**

Platinum Pursuits have developed a step-by-step, easy-to-follow strategy, which combines high returns with intelligent money management, guaranteed stop-loss protection, and easy transactions with exclusive access to trade the TradeAbility Income strategies at a retail investor level. The course includes everything you need to make this incredible strategy work for you:

- 2 massive days of training
- Step-by-step reference sheets
- Highly detailed manual
- Monthly video broadcasts
- 4 months subscription to the Monthly Income Report
- Unlimited email support

“Writing Covered Calls with CFDs”

Hello,

My name is Daniel Kertcher. I’m the CEO and founder of Platinum Pursuits, one of Australia longest running and well known trading education companies.

For 10 years now we have taught people how to trade stocks, options, CFDs, forex and futures on the Australian and USA markets. In fact, more than 10,000 people have attended our multi-day training programs!

I have written a number of books, as well as many articles for financial magazines and I even created the world’s only Stockmarket Options Trading boardgame, Call Up Put Down.

I’ve also been a very active trader, trading my own funds for more than 13 years.

You name a trading strategy, I’ve most likely traded it!

But what I’m about to share with you is simply the greatest wealth creation strategy I’ve ever seen.

And frankly, this couldn’t come at a better time. The markets have been chaotic and unpredictable this year. Many investors have lost money and are frustrated. What people want is a **strong, consistent, low risk income strategy** that only takes a few minutes a month to do...

And most importantly can **make money regardless** of which direction the markets move, either up, down or even sideways!

Well, we have exactly that....

Imagine earning a **monthly income** of potentially **8-20% per month** while having **guaranteed stop loss protection!**

Imagine earning potentially **\$800 - \$2,000 per month** passive income from a capital base of \$10,000, and doing that in as little as **30 minutes a month!**

Or how about potentially \$8,000 to \$20,000 per month from \$100,000 capital base!

Imagine supplementing your income after learning one simple strategy!

This is truly a **life changing opportunity!**

Best of all, if you follow the rules and techniques we will teach you, it’s less risk than simply owning shares, and there is **guaranteed stop loss protection** available.

And it only takes about 30 minutes per month! Not per day, **PER MONTH!**

So what is this amazing strategy??

You may be familiar with a strategy known as **Writing Covered Calls**. It's sometimes referred to as "Renting Shares".

I've actually been teaching Covered Call writing for 10 years. It's an excellent strategy that can generate a consistent monthly passive income of 2-6% return per month. And it works regardless of whether the market is rising, falling or even going sideways.

You may also know that I am an expert on CFDs, being one of the longest running CFD educators in Australia. CFDs provide high leverage and liquidity to trading, allowing investors to control 10-20 times more shares than they normally would just by buying stocks alone. But, CFDs can also be very risky, unless they are well protected.

For years we've wanted to combine these two strategies together.

Imagine the returns that you could generate if you were able to **write Covered Calls on CFDs!**

With the 10x leverage power of CFDs, you could increase the income from covered calls from 2-6% per month up to **20-60% per month!** Combine that with dividend income (which is also multiplied by a leverage factor of 10), means that dividend returns can reach **10-20% per month!**

Then combine all of that with **guaranteed stop loss protection**. And finally, top it off with the ability to **keep your money in AUD**, thereby substantially reducing currency risks.

In our opinion, that would be the **greatest wealth creation strategy in the world!**

Unfortunately, the American market, which has the best options market in the world by far for writing Covered Calls, doesn't allow CFDs, so we could never combine these two great techniques.

Well guess what? **Now you can!**

We've been working for months with a special broker to be able to deliver this incredible service! We are now ready to launch!

Our new training course is called *TradeAbility Income*. It is going to revolutionize the way people view the stock market and their incomes.

With our new strategy, you will be able to write covered calls on hundreds of different CFDs on both the USA, Australian and UK stocks. You will be able to write covered calls with CFDs on individual stocks, global indices, commodities and even currencies!

Now, I know I said 20-60% returns are possible, and that's true. However, once you factor in the downside risk management and protection techniques I will teach you, the potential returns are a more **modest 8-20% per month**.

However, I'm sure you would agree, it's much better to potentially receive 8-20% return per month and have the benefit of the **downside risk management and protection** than to simply go for massive returns with bigger risks!

And besides, 8-20% potential return per month is still **96-240% potential return per year!** For a passive strategy which takes as little as 30 minutes a month to do!

And you don't mind if the **stock price goes up, down or even sideways!** This is an excellent strategy for this volatile, unpredictable market we are in right now!

The key to all of this is Knowledge!

This strategy can change your financial life, but you **have to know** what you are doing. With the high leverage of CFDs, it can be very risky if you don't know what you are doing. Even if you do everything perfectly, there are still some risks you need to be aware of and know exactly how to manage them.

I have been working for months to develop a **step by step**, simple to follow strategy, which combines **high returns** with **intelligent money management, guaranteed stop loss protection** and **easy transactions**.

And to our knowledge, we are the **ONLY** company in the **WORLD** teaching this strategy. It's that new!

We have spent countless hours preparing this incredible course. We know that this course is going to absolutely blow you away!

The course is called **TradeAbility Income**, but I like to call it...

“Renting Shares on Steroids!”

(**Renting Shares** is a common name for writing Covered Calls and the strategy is **on Steroids** due to the leveraged high returns which are possible.)

The course includes:

- **2 full days of training** with Daniel Kertcher, at a live event, going through all the steps of understanding the strategy and placing the trades, as well as portfolio and money management and lots of trading examples.
- Step by Step, simple to follow **reference sheets**. Our special reference sheets clearly identify each step in the strategy.
- Highly detailed, easy to understand **manual**.
- **Monthly video broadcast** where we explain every trade we are doing so you can do them too if you wish. You'll be able to watch us explain all the trades we are personally putting our own money on, before the market opens, allowing you to decide if you want to do the same trades!
- **4 Months subscription to the Monthly Income Report**, where our highly experienced analysts outline all the research and trades that we are doing ourselves. We then track each trade daily, pointing out their progress through the month. You will receive a simple, easy to read outline of the 10-20 trades each month that we are personally trading.
- **Unlimited Email support** from my analysts and support team to answer your questions.

We've packaged this up as a complete course. It includes everything you need to make this incredible strategy work for you! Everything that is, except your trading capital.

What is the **Monthly Income Report**?

As this is a very passive strategy, that is, once you've written the covered calls, you simply wait until the options expire or are exercised one month later.

However, how do you know which stocks to use?

Knowing how to research the market and to find the best potential, most appropriate trades is something that I will teach you in the course, however, it can still take hours to research the market to find the best trades yourself.

There's a lot of great covered call opportunities out there in the markets every month. It can take quite some time to sift through and find the highest returns, least risk trades.

But imagine if you had a team of experienced market analysts who spent all day, every day, hunting for and finding the best potential trades. And then those analysts show you exactly what trades they are going to do with their own capital every month! It would be even better if they would explain to you the reasons why they are doing the trades. You could then simply read their report and watch their videos to fully understand the trades and then decide if you want to do the same trades at the same time.

That's the Platinum Pursuits **Monthly Income Report!** (MIR)

There's a 4 month subscription included in the course. After that, it's only \$490 per year to continue the service.

Think about that... That's only \$1.30 per day to have the entire market researched and a list of great potential trades shown to you so you can place them too.

So, how much does this course cost?

Well, here's the thing ... I want to keep the numbers of people attending these courses limited, so that they all get an excellent training experience. Especially because this strategy is so powerful, and it's got to be done exactly as I teach it to get the best returns with the least risk.

I feel incredibly blessed to have learnt this strategy. I know how many lives could potentially change. My clients all know how passionate I am about teaching people strategies to improve their financial lives.

So, I'm not going to charge a fortune for this course. I'm going to charge the least I can in order to cover my costs (staff, venues, overheads) so that almost anyone can afford this course.

But I therefore have to limit the number of people who can attend, otherwise the numbers are going to blow out. So, we are going to go on a first come, first served basis with a STRICTLY limited number of seats available.

I highly recommend that you don't delay in booking in.

So how much is it already??

We have priced our entire course, the training materials and the on-going support at only \$3,990!

One family member can join you for only \$1,490.

I can't wait to teach you this incredible strategy...

Best regards,

Daniel Kertcher

Background:

- Platinum Pursuits Pty Ltd (hereinafter "Platinum Pursuits") is one of the companies in the Platinum Pursuits group of companies that provides a range of educational training and support, and products, specializing in teaching clients how to trade a variety of financial instruments, including training for consumers to educate themselves as to trading in stocks, options, CFDs, futures, international foreign exchange and commodities (the "Training Package(s)").
- Platinum Pursuits also, on its own behalf or as agent for others (including but not limited to: Spectrum Live Pty Ltd, Traders Report, Charting Software), provides data feed services and the entitlement to use software in conjunction with those data feed services, which can assist in the trading of stocks, options, CFDs, futures, international foreign exchange and commodities.
- You (the person named in the personal details on the booking form attached) have decided to purchase the nominated training package and (if applicable) other additional products which are marked on the booking form and on the terms as marked on the booking form and otherwise in accordance with these terms and conditions.

1. Agreement

1.1 You agree to pay for the nominated Training Package and (if applicable) other additional products in the manner that is indicated on the booking form. You agree that if any payment is refused or dishonoured the balance of the price will become immediately due and owing and may be recovered as a liquidated debt. You further agree that in the event that any payment is refused or dishonoured then Platinum Pursuits may cease the provision of any further service to you and that Platinum Pursuits will not be liable for any loss that you suffer by reason of that cessation.

1.2 In the event that Platinum Pursuits agrees to refund to you any part of the Training Package fee, then you must return to Platinum Pursuits the Training Package and any copies or other documents relating to it in good order and condition via courier or Secure Post where all contributing expenses are paid by you.

1.3 You acknowledge that all monthly subscription service charges are automatically charged/debited the same day each month, or until cancelled. Monthly charges will automatically renew each month. To cancel any monthly product, you acknowledge that you must deliver a written termination notice, (via fax or email, return receipt requested) at least seven (7) calendar days before the monthly charge is scheduled to be charged/debited. You acknowledge that there will be no partial or pro rata refunds.

1.4 You acknowledge that Platinum Pursuits retains the right to discontinue free member services, or to exclude particular clients from any of these services, without notice and at its complete discretion.

2. Reservations and acknowledgements

2.1 You warrant that you have purchased this product for the sole purpose of self-education. You acknowledge that the nominated Training Package and (if applicable) other additional products is based on example or demonstration trades only. You warrant and represent that you will not engage in live trading based on any information or examples provided and that if you do so you indemnify Platinum Pursuits in relation to all claims and losses suffered by you or anyone else in relation to that trading.

2.2 Platinum Pursuits does not provide personal advice. The nominated Training Package and (if applicable) other additional products is not designed for, nor should it be understood by you as being for, the purpose of providing personal financial or investment advice.

2.3 Any advice contained in the nominated Training Package and (if applicable) other additional product is general advice only and is given without taking account of any person's objectives, financial situation or needs. For advice which does take into account personal objectives, financial situation or needs you should see an Australian Financial Services licensee licensed to give such advice.

2.4 Before acting on any advice in the nominated Training Package and (if applicable) other additional products you should consider the appropriateness of the advice, having regard to your objectives, financial situation and needs.

2.5 Trading in financial products involves significant risk. You must be aware of the risks and be willing to accept them in order to trade in financial products. Trading on margin or leveraged trading carries additional risk. You should never trade using money you cannot afford to lose. Trading in financial products is not a part of the nominated Training Package and (if applicable) other additional products.

2.6 If any information in the nominated Training Package and (if applicable) other additional products relate to the acquisition, or possible acquisition, of a particular financial product (such as a CFD, a futures contract, or margin foreign exchange) you should obtain a Product Disclosure Statement relating to the product and consider the Statement before making any decision about whether to acquire the financial product.

2.7 None of the information and data contained in the nominated Training Package and (if applicable) other additional products nor any opinion expressed, constitutes a recommendation to purchase, hold or sell a financial product, or to provide investment advice. The information and data relate to example or demonstration trades only.

2.8 The example trades contained on the nominated Training Package and (if applicable) other additional products are hypothetical. Example trades are provided for illustrative purposes only and should not be construed as investment advice or strategy to suit you. Hypothetical performance results are simulated and have many inherent limitations. As the trades have not actually been executed, the results may have under or over compensated for any impact of certain market factors, such as lack of liquidity. We make no representation that any actual trades will or are likely to achieve profits or losses similar to any example trades contained in the nominated Training Package and (if applicable) other additional products. Hypothetical trades do not involve financial risk. For example, the ability to withstand losses or to adhere to a particular trading program in spite of trading losses are important issues which may adversely affect actual trading results.

2.9 Any methods, techniques, or indicators presented on the nominated Training Package and (if applicable) other additional products are for educational purposes only and are presented to assist you to make your own judgments on any prospective trades (for which you are responsible). They should not be construed as investment advice or strategy for you. We make no representation that the use of any methods, techniques, or indicators presented in the nominated Training Package and (if applicable) other additional products will or are likely to achieve any intended results.

2.10 You accept all risks and responsibility for losses, damages, costs and other consequences resulting directly or indirectly from using the nominated Training Package and (if applicable) other additional products and any information or material available from or through it.

2.11 To the fullest extent permissible by law, we disclaim all warranties in relation to the nominated Training Package and (if applicable) other additional products, express or implied, including, but not limited to, implied warranties of merchantability and fitness for a particular purpose. To the fullest extent permissible by law, we will not be liable for any damages of any kind arising from the use of the nominated Training Package and (if applicable) other additional products, including, but not limited to direct, indirect, incidental, punitive, and consequential damages.

2.12 Our liability for negligence, breach of contract or contravention of any law as a result of any problems with the nominated Training Package and (if applicable) other additional products, which cannot be lawfully excluded, is limited, at our option and to the maximum extent permitted by law, to resupplying, or to paying for the resupply of, the nominated Training Package and (if applicable) other additional products.

2.13 Any information or data contained in the nominated Training Package and (if applicable) other additional products is historical and provides no indication of future performance

2.14 Although every attempt has been made to ensure the accuracy and completeness of any information or data contained in the nominated Training Package and (if applicable) other additional products, we do not give any express or implied warranty as to its accuracy or accept any liability for error or omission.

2.15 You acknowledge that you are required to attend all live events within two (2) years of purchasing a package that includes (a) live seminar(s), or otherwise forfeit the attendance eligibility.

2.16 You also acknowledge that restrictions apply for live event reschedules/postponements. You are entitled to reschedule once with at least 48 hours notice before the event. Less than 48 hours notice or no-shows at the event will be regarded as a forfeit of my live placement, and further attendances will be charged the re-sit attendance fee.

2.17 The seminar re-attendance fee is subject to change without notice.

3. Limited right of refund

3.1 You acknowledge that you also have, provided that it is exercised during the refund period indicated on the booking form, the period starting as per the date initial payment was processed, the entitlement to request a refund of any money that you have paid if you demonstrate that you are not satisfied (on reasonable grounds) with the training course or its contents. You acknowledge that Platinum Pursuits has discretion as to whether or not Platinum Pursuits is satisfied with the basis upon which you have requested a refund, and that Platinum Pursuits shall require you to:

- Provide a written report as to the basis upon which you are not satisfied and you acknowledge that you must make a reasonable and genuine attempt to participate and to achieve the desired outcome of the training;
- Demonstrate that the deficiency is not simply that you are not suited to this type of activity, but rather it must be a deficiency in the goods and services provided by Platinum Pursuits;
- Return to Platinum Pursuits the original copies (and any other copies) of the Training Package in an 'as new' condition;
- Have commenced participation in the training course from the date of this agreement.

3.2 Platinum Pursuits warrants its product to be free from defects for a period of 12 months from date of purchase. Its obligation under this warranty is limited to repairing or replacing, at its sole option, any such defected products. Platinum Pursuits only covers operational or mechanical failure and does not include protection against normal wear and tear, theft, misplacement, negligence, viruses, willful or intentional damage associated with handling and use of the product, damage caused during shipment between you and Platinum Pursuits' service providers. The use of this coverage requires an explanation of where and when the failure occurred, a return of the product, and at our determination the maximum charge for replacement will not exceed \$490.

4. Release

4.1 To the fullest extent possible at law, you release Platinum Pursuits from any claim action or demand arising from any loss, cost or damage by reason of your use of the Training Package, propriety and non-propriety software and/or the data feed services and you acknowledge that Platinum Pursuits will not be under any liability to you for any such loss, including any loss arising from any interruption to the data feed services and including any loss arising from any trades in financial products.

4.2 Notwithstanding any provision to the contrary, in no case shall Platinum Pursuits' liability to you exceed the total amount of the fees that you have paid in respect to this agreement.
